

I have
a burly
family

AFERKO
— BUILD —

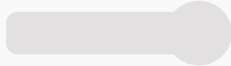

INSPIRED BY YOUR FAMILY

Family is the symbol of a lifelong happiness and naturalness. Being the biggest door family, naturalness and strong structure of a family are our models. We produce composite family doors which are perfect combinations of wood and PVC. Nature and technology get together in a wooden composite door. Adokapı has been produced to witness your life thanks to its resistance to water, moisture, impacts and fire in addition to being antibacterial

THE LARGEST DOOR FACTORY OF TURKEY FROM A "BURLY FAMILY"

ADOKAPI started its production in its gigantic production facility in Antalya Organized Industrial Zone in 2007. It is one of the enormous wooden composite door production facilities of Europe and Middle East with its integrated facility with an area of 528.000 m².

Most of the production meets the demands of the domestic market, the remaining amount is exported to approximately 56 countries all over the world. The international quality standards of Adokapi are distributed to all parts of the world from the facility.

I DO NOT WORRY,
I HAVE
A BURLY FAMILY .

You feel the warmth of a family as soon as you open the door of a living room. It is the entrance way to your family.

We produce doors that witness your life unite the members of your family through open doors. We give warmth to the cold walls of houses through open doors

DOORS FAMILY

The most beautiful family photographs are taken when all members of the family come together. Aesthetic, practical and strong Adokapı family has been produced in order to be a part of your family forever without the need for paint and polish.

AS BURLY AS A FATHER

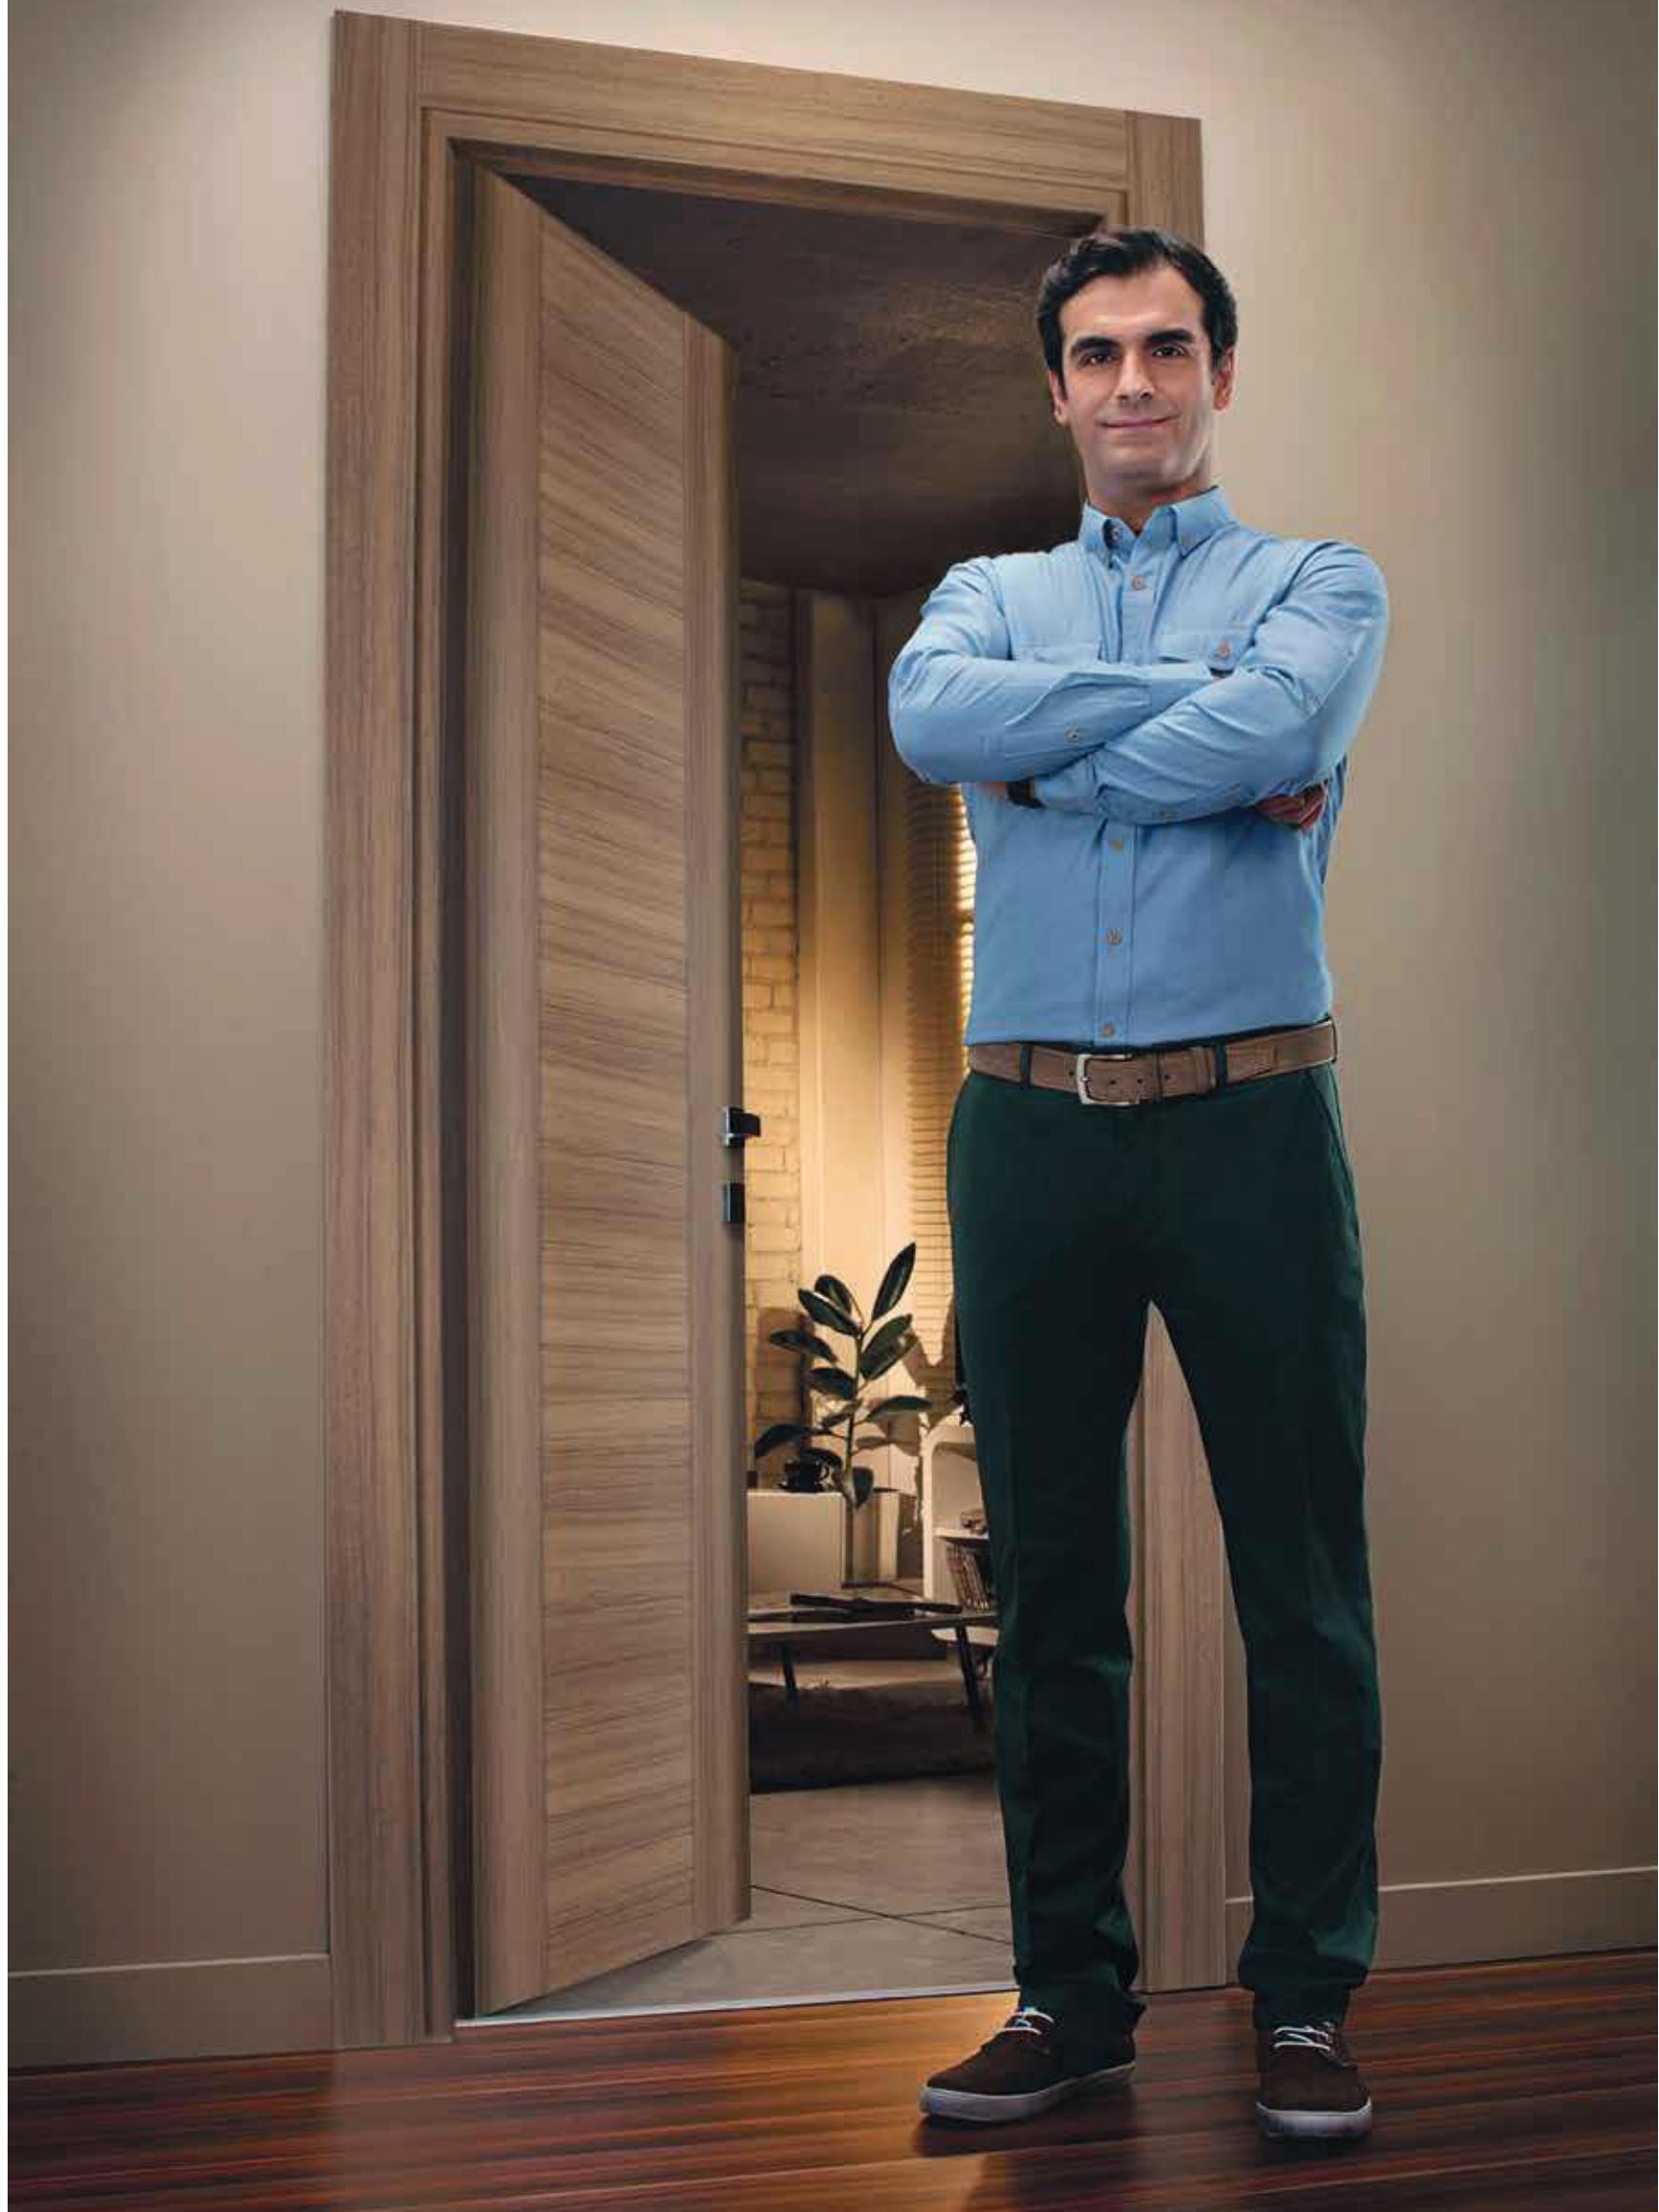

We do not hesitate in our most difficult moments because we know that our burly father is with us to support us whatever happens. We have been inspired by our fathers during the creation process of Adokapi. Adokapi has been produced to witness your life thanks to its resistance to impact and no need for paint and maintenance.

AS PROTECTIVE AS A MOTHER

We have been inspired by our caring mothers who look after us whenever we are ill and care for our health throughout our lives. Adokapı has been produced to witness your life thanks to its antibacterial properties caring about and appreciating the importance of healthcare of family members.

ANTIBACTERIAL

READY FOR LIFE!

Being naughty is a child's greatest right. We have been inspired by our children gaining life experience through naughtiness and our own childhood experiences. We are prepared for the difficulties of life. Adokapı has been produced to witness your life thanks to its resistance to water and moisture, it is not inflatable and inflammable.

THROUGH THE YEARS...

We have been inspired by the ones increasing their beauty through the years. We combined the naturalness of wood and strength of PVC in a door. Adokapı Wooden Composite Door has been produced to witness and accompany all your lifelong memories through the years.

THE POWER OF TOGETHERNESS

A family resists the difficulties of life, it never loses its value and power of togetherness. Adokapı gets its strength from the concept of a united family. It is resistant to water, moisture, impacts and fire. With its antibacterial properties and no need for painting and maintenance, Adokapı is a combination of various characteristics like a strongly united family.
